

Camden-Wyoming Sewer & Water Authority
16 S. West Street • PO Box 405
Camden, DE 19934
302-697-6372

PRESS RELEASE

On Wednesday, December 7, 2011, the Camden-Wyoming Sewer & Water Authority will begin performing maintenance on the One Million Gallon water tank located in the Camden Business Park on Brenda Lane, Camden, Delaware.

During this scheduled maintenance, the water tank will be emptied and off line to complete interior maintenance which will include a washout and sterilization on the interior of the water tower. While the water tank is off line you may experience periods of low water pressure until the inside tank maintenance is completed and approved by the State of Delaware Board of Health. This process may take approximately one week.

We apologize for any inconvenience this may cause however; this is an essential part of the required maintenance to prolong the life of the water tower. Do not hesitate to contact the office at 302/697-6372 if you should have any questions.

- Harold Scott Sr.
CWS&WA Superintendent
